## About the Expo

ACE Group is delighted to inform you that the Second Edition of PHILIPPINE SOLAR AND POWER EXPO is scheduled to held from **29-31 July, 2025** at Function Hall 2, SMX Convention Centre, Manila, Philippines. Philippine Solar and Power Expo is Philippine's most focused solar, interior products, power and energy related exhibition. The Exhibition will witness the participation of all leading stakeholders and key service providers within the Solar and Power as well as Energy sectors. The exhibition will be the gateway to the South East Asian Business Community in Philippines. It is the premier exhibition series in this sector in the South East Asian region.

The international expo provides an immense opportunity to capture the untapped market of the South East Asian Region through Philippines. The show is jointly organised by the jointly by Genesis Global and ACE Group. It is one of the shows in the umbrella of upcoming shows being organised in the ASEAN region.

The Expo aims to promote the Solar, Power and energy sector by the way of bringing the stakeholders including manufactures, exporters distributors, importers, traders, contractors, engineers, new entrants closer and help them negotiate new business opportunities and partnerships. The event will certainly help in boosting the activities and trade in the sector and amplifying the infrastructure growth in Philippines and South East Asia Region.

## Exhibitor Profile

- ✓ Lighting & Fittings
- ✓ Solar Energy Systems
- ✓ Solar & Thermal Products
- ✓ IT Systems & Telecommunication
- ✓ Wind & Water Energy
- ✓ Safety & Security Systems
- ✓ Electrical & Engineering
- ✓ Energy Sector Pioneers
- ✓ Bioenergy, Biofuel, Biogas
- ✓ Energy Saving Solutions
- ✓ Battery & EV Charging
- ✓ Electrical Tools
- ✓ Electrical Appliances & Equipment
- ✓ Regulator, UPS, Transformer
- ✓ Generator
- ✓ Power Electronics
- ✓ Power Equipment
- ✓ Security, Alarm and Satellite Antenna
- ✓ Heating & Refrigeration System
- ✓ Air Conditioning System
- ✓ Wire & Cables
- ✓ Insulators
- ✓ Switchgear and Control Gear
- ✓ Power Transmission Equipment's
- ✓ Electrical Distribution
- ✓ Renewable energies
- ✓ Turn-key contracting
- ✓ HVAC Equipment & Accessories
- ✓ Hydro Power
- ✓ Installation Equipment
- ✓ Electrical Control Devices
- ✓ Electrical substations
- ✓ Components and Accessories
- ✓ Energy Efficiency
- ✓ Conservation Solar
- ✓ Wind Power Equipment
- ✓ Thermal Power
- ✓ Automation systems
- ✓ Maintenance and services
- ✓ Electricity measuring, metering and control
- ✓ Process control products

## Visitor Profile

- ✓ Project Directors & Managers
- ✓ Dealers, Distributors, Agents & Traders
- ✓ Government Ministries, Energy Departments
- ✓ Manufacturers
- ✓ Interior / Lighting Designers
- ✓ Independent Power Producers
- ✓ Environment Agencies and Government Personnel
- ✓ Company Owners / Partners
- ✓ Infrastructure Planners and Procurement Officers
- ✓ Material and Equipment Specifiers
- ✓ Architects, Consultants and Engineers
- ✓ State Owned / Public and Private Power Utilities
- ✓ Speciality Retailers, Importer & Trade Distributors
- ✓ Electrical Contractors & Installation Engineers
- ✓ Consulting Engineers and Project developers

- ✓ Ideal platform to build your brand and increase awareness of your products by meeting key clients and business partners. Also influence and understand customer needs perception.
- ✓ Company Owners, Engineers, General Contractors, Project Managers and professionals from Solar, Power and Energy industry will be a part of this mega event.

## Event & Market Overview

### ✓ ONE OF THE BIGGEST EVENT FOR GREEN AND CLEAN ENERGY SECTOR

Philippine Solar & Power Expo is the Philippines one of the biggest clean energy event and your one-stop shop to take the note of one of the world's fastest growing energy markets. It's more than an exhibition it's a marketplace where installers, distributors, project developers, policymakers, solution providers and technology leaders come together – and where you can grow your solar and energy storage business by making thousands of in-person connections. The Exhibition also will have eminent speakers speaking on the need and the current requirement of Solar and Power in Philippines. Philippine Solar Power and Energy Expo showcases innovative, market leading solutions for Commercial & Industrial solar projects, large scale utility projects, residential projects, small scale community-based projects and the technologies that support them.

- ✓ The Philippines is one of the most promising solar markets in the world, and the government is committed to boost renewable energy sources. The country has set a target of generating 35% of its energy from renewables by 2030 and 50% by 2040, providing a stable and supportive policy environment for investors, based on the National Renewable Energy Program (NREP) 2020–2040. There is a high demand for solar power in the Philippines, both in commercial and industrial, and in remote areas where access to traditional electricity is limited. The Philippines will more than double its solar power output by 2030. The Philippines is home to the world's largest solar installation, completing in early 2026, with 3.5 GW of solar panels and 4 GWh of battery storage. And there's more on the way!

## WHY VISIT PSPE MANILA?

- ✓ New product's discover and innovations and happenings in solar power & enery sector, to gain new products and business and offer new things in your business.
- ✓ Engage Exhibitors from world over showcasing their products and specifications in the Solar, Power and Energy Sector.
